J/70 NSW CHAMPIONSHIP

2 – 4 November 2024

J/70 NSW Championship Vakaros Atlas 2 rental

Each team competing will need an Atlas 2 unit for the regatta, those who don't already own one can hire a unit for the event. The hire fee is $30 per day.
You'll be provided with an Atlas 2 instrument ("the Device"). This instrument will display magnetic heading, SOG, hell/trim, distance to line, and an automatic countdown start timer and OCS status. You will not need to charge your device throughout the weekend: simply turn it on each morning and off at night.

You will be charged $90 (3 days x $30 hire fee).

Atlas 2 units come with the standard mounting brackets as per below. Mast track slide bolt and two velcro straps.

Please ensure that the unit is tied on with the safety lanyard to save loss of unit.

Vakaros Atlas 2 FAQs (supplied by Vakaros)

Q: What functions will RaceSense perform automatically?

A: RaceSense will automatically start your timer, display DTL without pinging and provide notification, within a second after the start, of if a team is OCS or not.

Q: Will RaceSense clear the start line?

A: Yes! When you've cleared the line, or an infinite extension of the line, the device will show green lights and say "clear". It is still your responsibility to restart, as per the rules, if you clear the extension of the line beyond the RC Signal or Pin boat. For boats that have not yet cleared their OCS, the Atlas 2 will display "OCS" for 4 minutes, after which point, clearing is no longer an option.

Q: Where can I learn more about RaceSense?

A: Here are a few great resources:
