

Did you know, just around the Harbour from the Squadron there is a world-class marine research institute?

**Sydney Institute of Marine Science's (SIMS) research is focused on safeguarding Sydney Harbour's health, so that you can sail on a beautiful Harbour into the future!**

**YOU ARE INVITED:**

**SIMS Open Days  
second Sunday of each month  
Free entry**

**10:00AM – 2:00PM**

Location: SIMS Discovery Centre,  
on the waterfront on the eastern side of Chowder Bay, Mosman

- Take a virtual dive - see Sydney's marine life, without getting your hair wet!
- Find a faster current – tap into Australia's ocean monitoring system
- Test your knowledge of the Harbour - do you know the deepest part?

**Make it a family adventure!** Tour the Discovery Centre then have a picnic in Clifton Gardens or café lunch to reward your efforts!
